Jesus has recovered
his voice: he is shouting
quite loudly - he is
commending his spirit
to God.

Jesus has just shouted
"It is finished" with a
very loud voice.
Then he fell forwards -
I think he might have died.

That was quite a strong
earth tremor. The whole
city shook for a moment.
I wonder if there are
connections to the
darkness?

moved.

I'm to break the legs
of the people on the
crosses.
