

The Unity of the Bible

The Bible is made of 66 separate books, but they all fit together to make one united whole.

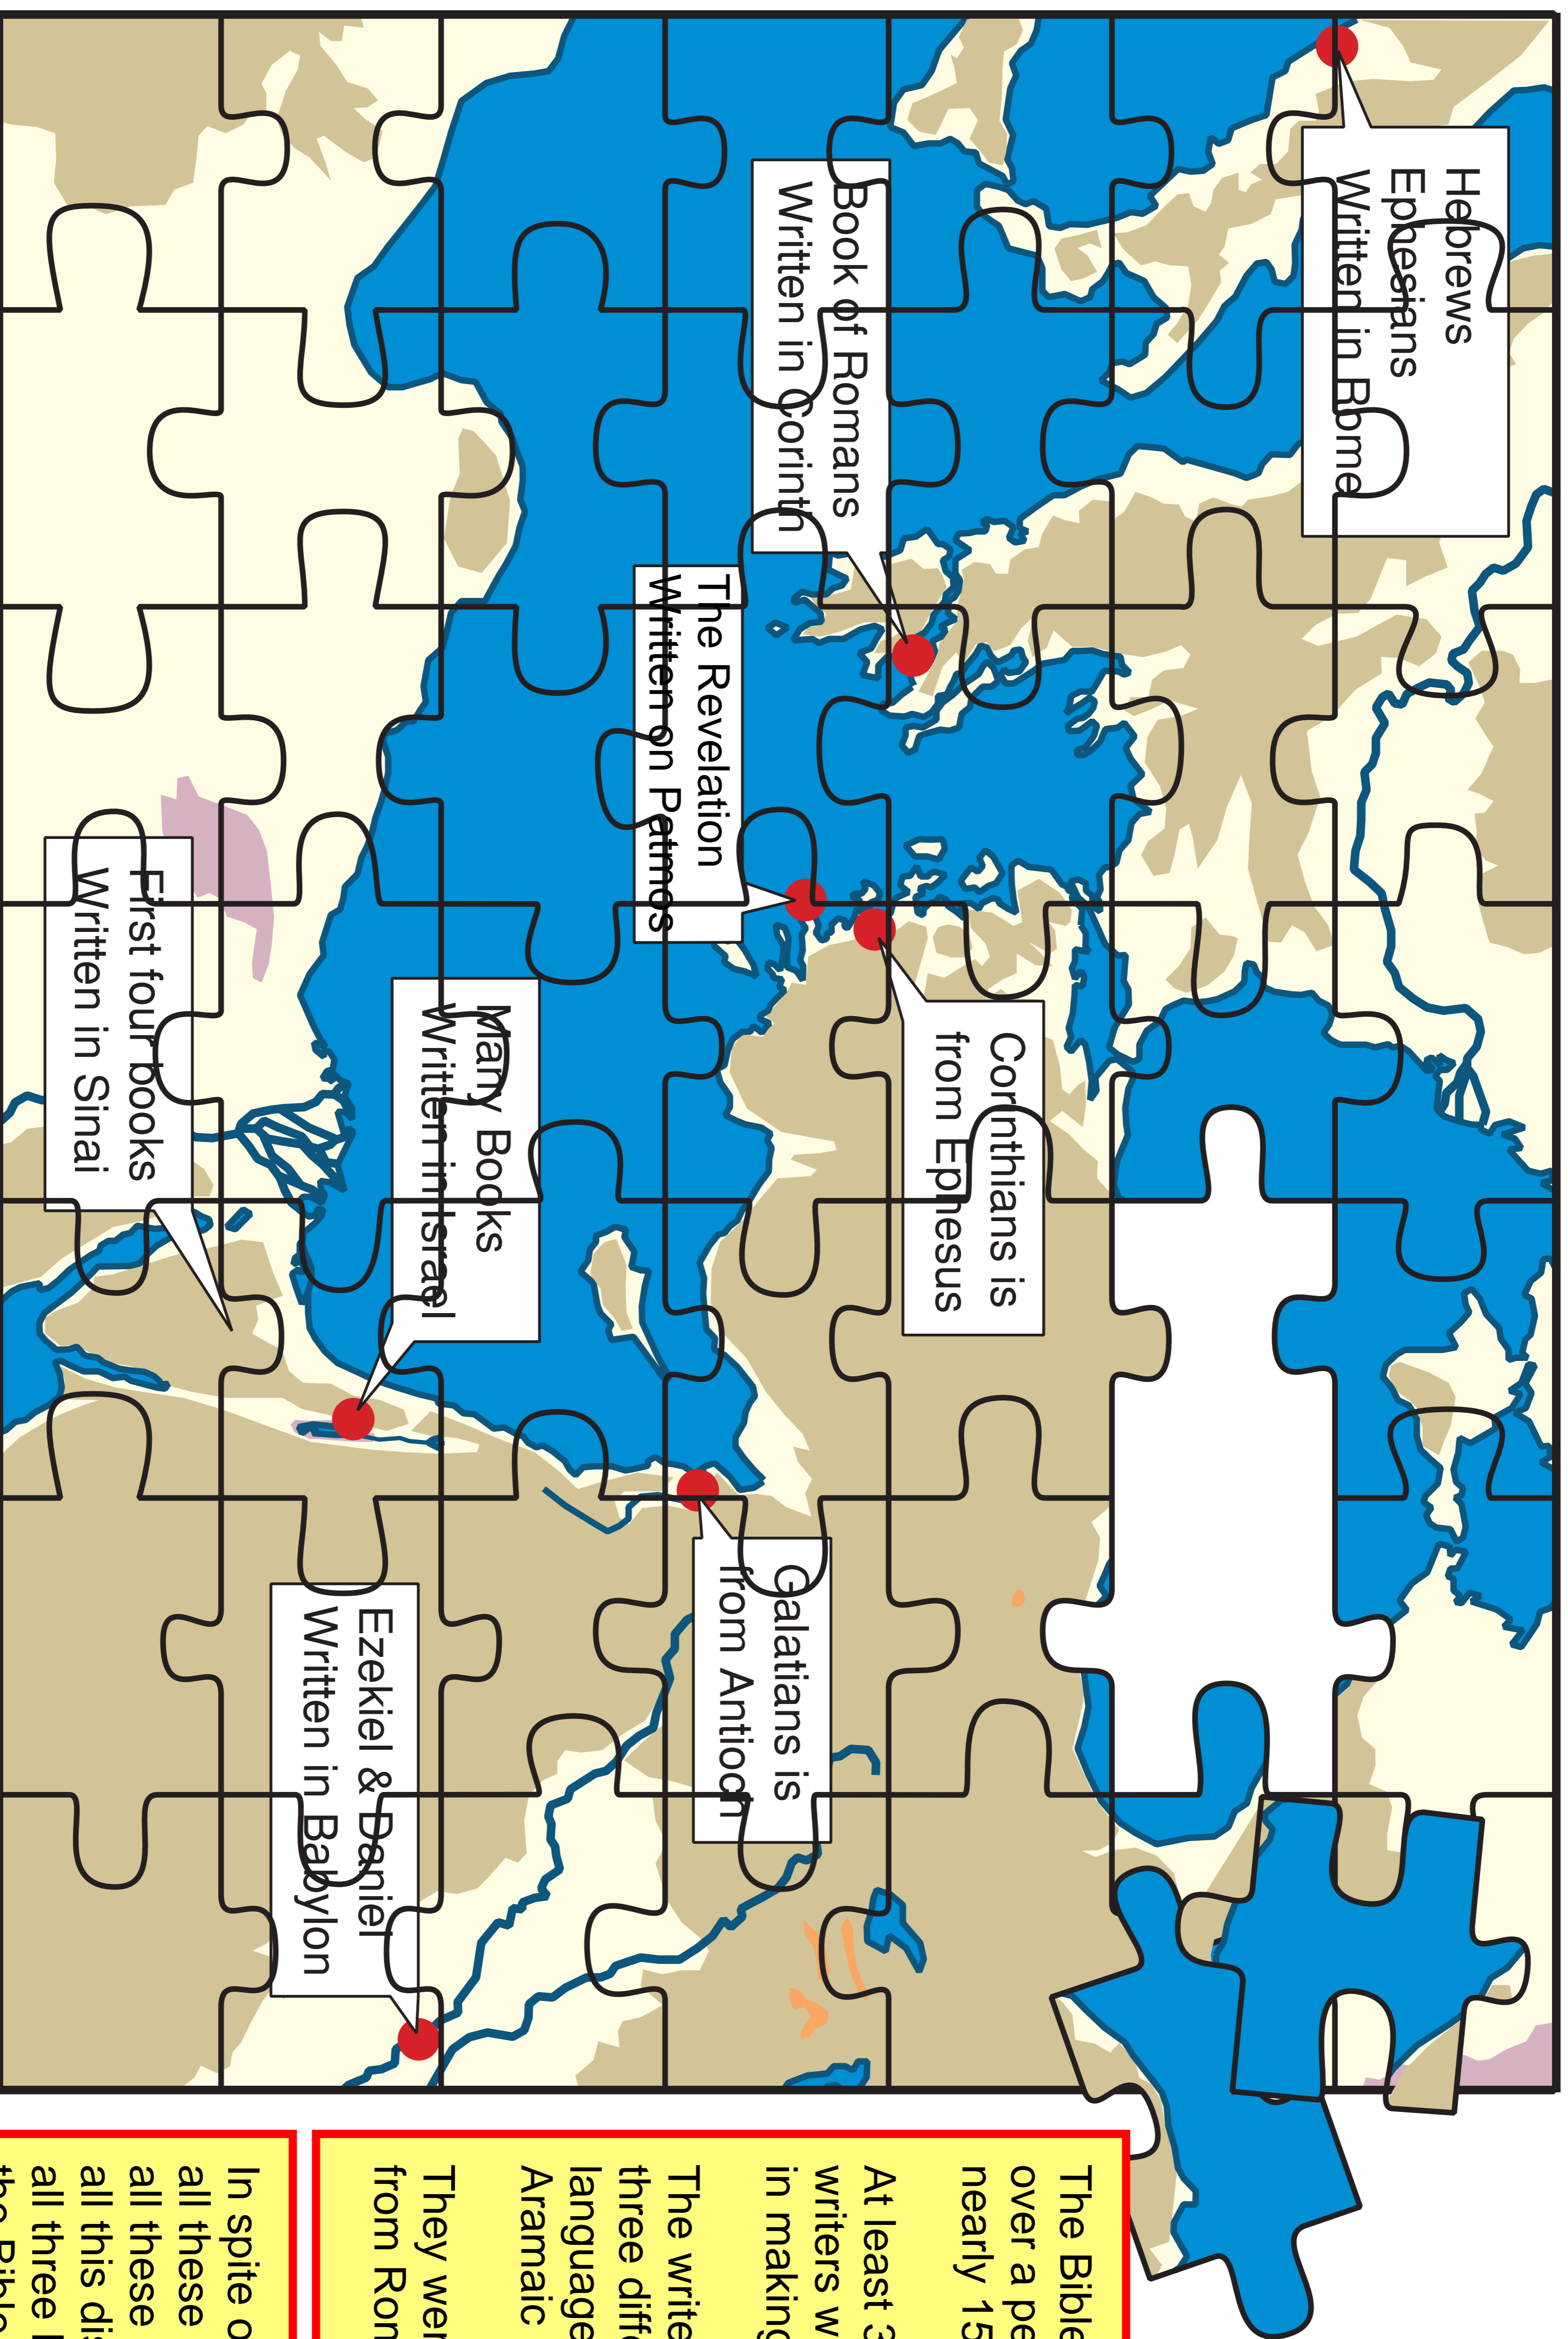

This requires one mind to control the making of the Bible.

This is evidence that the Bible comes from God.

Time Chart

The Bible was written over a period of nearly 1500 years.

At least 37 different writers were involved in making it.

The writers spoke three different languages (Hebrew, Aramaic and Greek).

They were spread out from Rome to Babylon.

In spite of:-
all these writers,
all these years,
all this distance, and
all three languages,
the Bible contains one united message.

This can only happen because the writing of the Bible was controlled by God.
