At least that horrible day
is done. It began with a
dream and ended with

will happen now.

The priests are here again.
It's their sabbath and one
of their holy days. They
said they wouldn't come
in before - now they've
come right in.

Don't be a Praetorian guard.
Yesterday I was on
crucifixion duty. Today
I'm on stag at a tomb -
as though someone
could get out of one of
those.
